

COUNCIL
AGENDA

SEPT 8, 1975

PROCEEDINGS

MONDAY, SEPTEMBER 8th, 1975

<u>FUNCTION</u>	<u>TIME</u>	<u>PLACE</u>
1. <u>CITY COUNCIL MEETING</u>	9:30 a.m.	Council Chambers
2. Environmental Advisory Board Chairman - Mr. D. Omand Secretary - Mr. J. Murray	1:30 p.m.	Committee Room "A"
3. Re-cycling Committee Chairperson - Mrs. L. Kearns Secretary - Mr. A. Grannum	3:30 p.m.	Committee Room "B"

Prepared by: Clerk's Department
Date: September 4, 1975
Time: 2:00 p.m.

NOTE: If the above items are changed in any way, you will be advised prior to the commencement of the meeting by the Chairman.

COUNCILLORS AND COMMITTEE MEMBERS ARE REQUESTED TO CONTACT THE APPROPRIATE DEPARTMENT HEADS PRIOR TO THE MEETING IF GREATER EXPLANATION OR DETAIL IS REQUIRED WITH REGARD TO ANY ITEM ON THE AGENDA.

THE COUNCIL OF
THE CORPORATION OF THE CITY OF MISSISSAUGA

A G E N D A

DATE: MONDAY, SEPTEMBER 8, 1975
TIME: 9:30 A.M.
PLACE: CITY COUNCIL CHAMBERS
1 City Centre Drive,
Mississauga, Ontario.

1. PRAYER

2. MINUTES OF COUNCIL MEETINGS: - August 11, 1975
August 20, 1975

Verbal motion to adopt.

3. DEPUTATIONS: FILE 34-75 - VANDALISM - Professor Les. Krames, of Erindale College, will outline the nature of a project to increase public awareness of the problems associated with vandalism. Professor Krames is requesting Council's support of a request to the Federal Government through its L.I.P. programme to fund this project.

FILE 30-75 - GRANTS - Mr. Rudy Bos will appear with respect to grant made to the Boy Scouts Association.

FILE 86-75 - TRAFFIC BY-LAW - Applewood Heights Homeowners Ass'n re need for traffic controls and better patrolling for speeding drivers in Queen Frederica Drive area. (Petition #P-2)

September 8, 1975.

4. PUBLIC QUESTION PERIOD

5. CORRESPONDENCE

- (a) INFORMATION ITEMS - Attachments I-1 to I-32
- (b) ITEMS REQUIRING DIRECTION - Nil

6. NOTICES OF MOTION

Nil

7. REPORTS FROM MUNICIPAL OFFICERS - Attachments R-1 to R-13

- (a) R-1 - Report from Engineer re File P.N. 75-115 - award of tender for reconstruction of a retaining wall at Dodsworth Crescent. Resolution available.
- (b) R-2 - Report from Director of Supply and Services re Tender T-PUR-7-1975 - award of contract for supply and delivery of Ethylene Glycol Anti-Freeze. Resolution available.
- (c) R-3 - Report from Councillor D. J. Culham re Traffic - West Cooksville Area. Resolution available.
- (d) R-4 - Report from City Treasurer recommending approval of accounts paid for the months of June and July, 1975. Resolution available.
- (e) R-5 - Report from Engineer re Files P.N. 74-136 and 75-001 - award of contract for construction of Delco Avenue storm sewer - Phase I. Resolution.
- (f) R-6 - Report from Engineer re uncompleted work on dead-end barricades and street lighting in Winston Churchill Estates. Resolution available.
- (g) R-7 - Report from Commissioner of Recreation & Parks re Tender TR-23-1975 - award for construction of tennis courts in Springfield Park. Resolution available.

September 8, 1975.

7. REPORTS FROM MUNICIPAL OFFICERS (CONTINUED)

- (h) R-8 - Report from City Engineer re Clerk's files 60-75 and 111-75 - Mimico Creek - recommendation to rescind resolution #499. Resolution available.
- (i) R-9 - Report from City Engineer re P.N. 75-024A - award of contract for demolition of building at 3599 Cedar Lane. Resolution available.
- (j) R-10 - Report from City Engineer re Contract P.N. 75-024B award of contract for demolition of building at 6890 Second Line East. Resolution available.
- (k) R-11 - Report from City Engineer re P.N. 123-66 - unblocking storm and sanitary sewers in Clairville Estates subdivision. Resolution available.
- (l) R-12 - Report from City Engineer re award of Contract P. N. 75-068 and P.N. 75-001 for reconstruction of Britannia Road from 500 ft. west of Dixie Road to Second Line East. Resolution available.
- (m) R-13 - Report from Director of Supply & Services re award of tender TF-3-1975 for the supply and installation of multi channel recording device for Fire Department. Resolution available.

8. COUNCIL TO MOVE INTO COMMITTEE OF THE WHOLE TO CONSIDER REPORTS FROM COMMITTEES

Verbal motion

9. COMMITTEE REPORTS

- (a) GENERAL COMMITTEE REPORT AUGUST 13, 1975
- (b) GENERAL COMMITTEE REPORT SEPTEMBER 3, 1975

September 8, 1975.

10. COMMITTEE TO RISE

Verbal motion required

11. PETITIONS - Attachments P-1

(a) P-1 - FILE 46-75 - TRAFFIC SAFETY COMMITTEE -

Petition signed by some 55 residents protesting proposed removal of crossing guards at Texaco Refinery, Lakeshore Road, Port Credit area. (This petition has been referred to Traffic Safety Council.)

(b) P-2 - FILE 49-75 - PETITIONS GENERAL
FILE 86-75 - TRAFFIC BY-LAW

Petition signed by occupants of some 415 family units in the area of Queen Frederica Drive, requesting stop signs and better supervision of speed limits in this area. This petition has been referred to Peel Regional Police for comments and to W. Taylor for report.

12. UNFINISHED BUSINESS

(a) FILE OZ-75-74 - MISSISSAUGA PEEL LAND CONSULTANTS LIMITED
(SPRINGBANK SAND & GRAVEL PROPERTY)

Item #3 of Planning Committee Agenda, August 13, 1975 referred to Planning Committee September 3 for public meeting, and to Council September 8, 1975.

September 8, 1975.

13. BY-LAWS

Verbal motion to give required number of readings.

- #401-75 - A By-law to expropriate certain lands in the City of Mississauga for road purposes. (Extension of Field gate Drive, as recommended by Council on August 11, 1975 - resolution #511.)

THREE READINGS REQUIRED

- #402-75 - A By-law to authorize the execution of an Engineering Agreement between Tanyta Homes Limited and The Corporation of the City of Mississauga. (File CAB 300/73 - Division of land application for six (6) residential lots at the corner of Stavebank Road and Courrier Lane.)

THREE READINGS REQUIRED

- #403-75 - A By-law to authorize the execution of a Quit Claim Easement. (A new easement has been acquired from Ontario Hydro in connection with the Chasi Sub-division located south of S. Sheridan Way and west of Mississauga Road - we can now quit claim the old easement.)

THREE READINGS REQUIRED

- #404-75 - A By-law to establish lands as part of the municipal highway system in the City of Mississauga. (Lands to be established as part of Central Parkway East. Lifting of a one foot reserve on Plan 922 to allow access into Block "M" where there is a condominium development.)

THREE READINGS REQUIRED

- #405-75 - A By-law to accept a Transfer of Freehold Land and to establish a portion of the lands as described therein as part of the municipal highway system. (Lands deeded to the Corporation by Sidmor Developments to be known as part of Netherhart Road. The documents have already been placed on title.)

THREE READINGS REQUIRED

September 8, 1975.

13. BY-LAWS CONTINUED

- #406-75 - A By-law to accept a Grant of Easement from Sidmor Developments Limited. (This is a condition for development of industrial lands in part of Lot 7, Con. 4, East of Hurontario Street.)

THREE READINGS REQUIRED

- #407-75 - A By-law to repeal By-law Number 320-75 being a by-law to establish certain lands as part of the municipal highway system. (The descriptions in by-law #320-75 are not sufficient to register the by-laws; therefore this by-law is being rescinded and two new by-laws will replace it. The lands in question are 1 foot reserves located on Falconer Drive and Dunray Court in Streetsville and allow access across the roads.)

THREE READINGS REQUIRED

- #408-75 - A By-law to establish certain lands as part of the municipal highway system. (Lands to be known as part of Dunray Court. See explanation for By-law #407-75)

THREE READINGS REQUIRED

- #409-75 - A By-law to establish certain lands as part of the municipal highway system. (Lands to be known as part of Bowshelm Court and Falconer Drive. See explanation for By-law #407-75)

THREE READINGS REQUIRED

- #410-75 - A By-law to establish certain lands as part of the municipal highway system. (One foot reserves being lifted to allow legal access into the Mavis and Ramros Subdivision located north of Queensway and west of Stillmeadow. Lands being established as parts of Louis Drive, Fergo Avenue, Cavell Drive. At the request of Councillor Culham, this by-law was withdrawn from August 11, 1975 agenda. It has now been checked out with Councillor Culham and should be proceeded with at this time.)

THREE READINGS REQUIRED

September 8, 1975.

13. BY-LAWS CONTINUED

- #411-75 - A By-law to authorize execution of an agreement re exchange of lands. (Between Ontario and Quebec Railway Company and its lessee, Canadian Pacific Limited and The Corporation of the City of Mississauga (Old Station Road and Hensall Circle). This is as recommended in Item #844, General Committee Report August 13, 1975.)

THREE READINGS REQUIRED

- #412-75 - A By-law to execute an Agreement. (Agreement between Port Credit Lumber Company Ltd. and Ross Armstrong Manufacturing Limited and the City of Mississauga re continuance of business on part Lot 11, Range 1, C.I.R. (160 Queen Street West). Committee of Adjustment application File C.A. "A" 3/75)

THREE READINGS REQUIRED

- #413-75 - A By-law to authorize an application to The Ontario Municipal Board for approval of a capital expenditure in the amount of \$18,000.00 (all of which is to be debentured) for the construction of a sidewalk on the west side of Camilla Road from King Street to Paisley Blvd., 1500 feet.

TWO READINGS REQUIRED

- #414-75 - A By-law to authorize an application to The Ontario Municipal Board for approval of an additional capital expenditure in the amount of \$365,000.00 (of which \$182,500.00 is to be debentured) for the acquisition of land for purposes of road construction in the City of Mississauga.

TWO READINGS REQUIRED

- #415-75 - A By-law to authorize an application to The Ontario Municipal Board for approval of an additional capital expenditure in the amount of \$266,000.00 (of which \$133,000.00 is to be debentured) for the acquisition of land for the purposes of road construction in the City of Mississauga.

TWO READINGS REQUIRED

September 8, 1975.

13. BY-LAWS CONTINUED

#416-75 - A By-law to authorize an application to The Ontario Municipal Board for approval of an expenditure in the amount of \$652,000.00 for construction of a swimming pool in the City of Mississauga, and to repeal By-law Number 43-75. (This is an indoor swimming pool in Cawthra Park, now approved by the O.M.B. By-law 43-75 authorized application to the O.M.B. for construction of four pools. However, the Board approved them separately and separate by-laws have been passed covering the other three pools. It is now necessary to enact this by-law, and to repeal By-law 43-75 which had received two readings.)

THREE READINGS REQUIRED

#417-75 - A By-law to authorize the temporary borrowing of \$652,000.00 pending the issue and sale of debentures. (This will provide for temporary financing for pool construction in By-law #416-75.)

THREE READINGS REQUIRED

#418-75 - A By-law to execute a Deed of Land. (This By-law provides for the conveyance of a one foot reserve to the Ministry of Transportation & Communications in connection with the Belfield Expressway (Hwy. 409) and is as recommended in item #871, General Committee Report September 3, 1975.)

THREE READINGS REQUIRED

#419-75 - A By-law to establish certain lands as part of the municipal highway system. (This will lift a one foot reserve on Claredale Road to allow access through the subdivision.)

THREE READINGS REQUIRED

#420-75 - A By-law to amend By-law Number 5500 as amended. (File OZ-39-74 - Centreville Estates. Lands located on the west side of Hurontario Street, north of the Canadian Pacific right-of-way. To change zoning from H-RM5 to RM5-Section 707.)

THREE READINGS REQUIRED

September 8, 1975

13. BY-LAWS CONTINUED

- #421-75 - A By-law to amend By-law Number 5500 as amended.
(File OZ-98-73 - S. B. McLaughlin & Associates.
To change zoning from R4 and H-RM5 to RM6-Section 720
on lands located at the south west corner of Bloor
Street and Cawthra Road.)

THREE READINGS REQUIRED

- #422-75 - A By-law to amend By-law Number 5500 as amended.
(File OZ-21-75 - Whitehall Development Corporation.
To change zoning from RM7D3-Section 395 to RM5-
Section 704 on lands located at the south west
corner of Derry Road and Glen Erin Drive.)

THREE READINGS REQUIRED

- #423-75 - A By-law to authorize the demolition of buildings.
(Located at 1518 Hurontario Street. This is as
recommended by General Committee April 23 and adopted
by Council on April 28, 1975. This by-law also pro-
vides for repeal of By-law 346-75 passed by Council on
August 11. However, the owner had not been given
proper notification that the by-law would be dealt
with at that time. Proper registered notice has now
been served on the owner.)

THREE READINGS REQUIRED

- #424-75 - A By-law to authorize execution of an agreement for
municipal purposes. (Agreement for Janitorial Ser-
vices for the Works Building - P.N. 75-037.)

THREE READINGS REQUIRED

- #425-75 - A By-law to authorize execution of an agreement for
municipal purposes. (Agreement with Interlock Land-
scaping Limited for Lockstone Paving as set out in
Contract P. N. 75-030.)

THREE READINGS REQUIRED

September 8, 1975.

13. BY-LAWS CONTINUED

- #426-75 - A By-law to authorize execution of an agreement for municipal purposes. (Agreement with Myron Construction for Catchbasin Repairs as set out in Contract P. N. 75-041.)

THREE READINGS REQUIRED

- #427-75 - A By-law to authorize execution of an agreement for municipal purposes. (Agreement with Montego Construction for reinforced concrete revetments - as set out in Contract P. N. 74-142.)

THREE READINGS REQUIRED

- #428-75 - A By-law to execute an agreement for municipal purposes. (Agreement with Man-Co Construction Limited for construction of concrete sidewalks in specific locations in the City of Mississauga, as set out in Contract P. N. 75-014.)

THREE READINGS REQUIRED

September 8, 1975.

14. MOTIONS

- (a) To adopt General Committee Report August 13
- (b) To adopt General Committee report September 3
- (c) To award contract P.N. 75-115 (Dodsworth retaining wall)
- (d) To award Tender T-PUR-7-1975 - Supply of anti-freeze
- (e) Re-appointment of Mr. J. Wouters to Planning Committee
- (f) To adopt Councillor Culham's report re West Cooksville Traffic Area
- (g) To request Property Agent for appraisal of 35.16 acres North Sheridan Way
- (h) To amend Council Minutes of June 9, 1975.
- (i) To allot surplus funds Mimico Creek Improvements (F. J. McKechnie)
- (j) To award tender P.N. 75-068 for reconstruction of a section of Britannia Road.
- (k) Advise O.M.B. that By-law 364-75 is in conformity with Official Plan. (File OZ-66-68 - Tuscany)
- (l) Advise O.M.B. that By-law 358-75 is in conformity with Official Plan. (File OZ-71-73 - Idlewylde)
- (m) Advise O.M.B. that By-law 357-75 is in conformity with Official Plan. (File OZ-24-73 - Markborough Properties)
- (n) To award contract for demolition of building at 6890 Second Line East.
- (o) To award contract P.N. 75-014 for construction of concrete sidewalks.
- (p) To approve payment of June and July accounts paid by the City Treasurer.
- (q) To rename Second Street (Councillor Searle)
- (r) To award contract P.N. 74-136 for construction of Delco Ave. Storm sewer.
- (s) To approve City carrying out unfinished work in Winston Churchill Estates and charge to developer

14. MOTIONS CONTINUED

- (t) To award contract TR-23-1975 for construction of tennis courts in Springfield Park.
- (u) To congratulate Inland Publishing Co. re newspaper awards.
- (v) To rescind resolution #499 re consultants with respect to walkway/bicycle development and preservation of greenbelt areas on the Mimico Creek, and Flood control
- (w) Consent to erection of office building on part Lot 8, Concession 7, at 6465 Airport Road in accordance with a decision of Gore Planning Board in December, 1950.
- (x) To award contract P.N. 75-024A for demolition of a building at 3599 Cedar Lane.
- (y) To complete works in Clairville Estates and charge to developer
- (z) To grant permission to Kinsmen Club to hold a turkey shoot Oct. 4, 1975, on the Island of Streetsville Park.
- (aa) Motion by Councillor Culham re details of further engineering studies - Sawmill Creek.
- (bb) To receive application for approval to expropriate land for Transit Terminal

15. NEW BUSINESS

U.B-1

CITY OF MISSISSAUGA
PLANNING DEPARTMENT

ITEM: 3
FILE: OZ/75/74
DATE: August 13, 1975

REPORT ON PROPOSED AMENDMENT
TO THE OFFICIAL PLAN
AND ZONING BY-LAW FOR
MISSISSAUGA-PEEL LAND CONSULTANTS LIMITED
NORTH SIDE OF MISSISSAUGA ROAD,
WEST OF GLATT'S LANE

SUBJECT Proposal to amend the Official Plan from Residential and Greenbelt to Residential Multiple-family and the Zoning By-law from R1 to RM5 to permit townhouse development.

ORIGIN Request received on September 18, 1974 and subsequently revised to include the proposed amendment to the Official Plan on March 5, 1975 by Mississauga-Peel Land Consultants Limited, purchasers from Springbank Sand and Gravel Company Limited, registered owner of the lands.

COMMENTS (i) Site Analysis

The subject lands are irregular in shape and have an area of about 16.5 acres located at the north-west corner of Mississauga Road and Glatt's Lane, with frontages of approximately 1670 feet and 778 feet on these roads, respectively, as shown on the attached map. At the present time the subject lands are zoned R1 and are used for a sand and gravel storage and processing operation which is carried on in the remains of a former gravel pit.

Adjacent lands to the north are zoned R1 and O1 and are occupied by a few detached dwellings and Hydro-Electric Power Commission transmission lines. To the east on the opposite side of Glatt's Lane and to the south on the opposite side of Mississauga Road lands are zoned R1 and developed for detached dwellings. To the west on the opposite side of Mississauga Road lands are zoned R2 and R3 and are undeveloped, while to the south-west lands also zoned R2 and R3 contain several detached dwellings and the remains of a gravel pit.

1a

- 2 -

ITEM: 3
FILE: OZ/75/74
DATE: August 13, 1975

(ii) History

The subject lands are located within the West Erindale Community, an area for which a comprehensive planning study was presented to the public during 1962. The land use proposals of this study were incorporated into Amendment 156 to the Official Plan, which was approved by the Minister of Municipal Affairs on December 17, 1963. The subject lands are designated Residential and Greenbelt in this Amendment.

On April 28, 1975, representatives for the applicant made a presentation to Council outlining the general concept of the proposed development, and presented information supporting the proposal; also at this meeting, ratepayers made a presentation objecting to the proposed development. By a verbal motion Council received the information and referred the matter to Planning Committee.

(iii) Comments from Other Departments

In reviewing the development of the subject lands, school authorities have indicated that accommodation can be made available.

The Regional Municipality of Peel has indicated that: lands will be required for the widening of the Hydro-Electric Power Commission right-of-way; water works will be subject to the extension of facilities along Queensway West and Fowler Drive; construction of a sanitary sewer to service this area is presently scheduled for no earlier than 1976; and the functional planning report for Queensway West included a recommendation for the realignment of Mississauga Road through the subject lands.

The City Engineering Department has indicated that due to the depth of excavation and degree of slope of the embankment, the developer should employ qualified consultants to design an appropriate storm sewer system and outlet, and to recommend proposals for slope stability and possible regrading.

ITEM: 3
FILE: OZ/75/74
DATE: August 13, 1975

1b

If the above-mentioned sewer outlet is to a watercourse, then the approval of the Credit Valley Conservation Authority will be required. Also, due to the expected volumes of vehicular traffic on Mississauga Road and the proposed extension of Fowler Drive to intersect Mississauga Road, the road pattern in the area will have to be redesigned in order to provide a proper intersection of these two roads with Springbank Road. The applicant will be responsible for the preparation by a professional engineer of a functional report to evaluate the possible road patterns so that a decision can be made as to the most feasible location for this intersection. As the solution to this problem may require a portion of the applicant's site, this study shall have been approved by the City prior to determining the developable area of the subject lands. The applicant would be also responsible for the reconstruction of the portions of Mississauga Road (including all appurtenances) adjacent to or within the vicinity of the subject lands. In addition, the applicant would be required to provide the necessary road allowance for Glatt's Lane to become a municipal road, and the required right-of-way would be deeded gratuitously to the City with a cul-de-sac at the northerly extremity. The details of these required roadworks would be subject to the comments of both the Region of Peel and the Ministry of Transportation and Communications.

There are certain other matters, such as site triangles, site access, one-foot reserves, damage to City property, lighting and driveway construction, noise abatement measures, etc., which could be dealt with during the processing of a plan of subdivision.

(iv) Discussion

The proposal is to amend the Official Plan from Residential and Greenbelt to Residential Multiple-family, and the Zoning By-law from R1 to RM5 to permit townhouse development. If approved in accordance with current City policy at 14 units per acre, the proposed development would permit approximately 230 townhouse units accommodating about 989 persons, resulting in density of approximately 60 persons per acre.

1c

- 4 -

ITEM: 3
FILE: OZ/75/74
DATE: August 13, 1975

In considering the proposed amendment to the Official Plan, the current Official Plan policies relating to the subject lands should be examined. The comprehensive planning study which formed the basis of Amendment 156 recognized the area east of Springbank Road and south of the Credit River as an area of high-quality single-family dwellings, and incorporated as one of the objectives of the Amendment "to retain and consolidate the established single-family character of the area..". To further support this objective, it was proposed in the Residential Policies of the Amendment "to permit a gross neighbourhood density of 10 persons per acre in the area". This Amendment was prepared over ten years ago and the criteria set out for the development of this area have been adhered to by the City in dealing with development proposals comprising the majority of the developable lands. As a result, the area is now substantially developed with high-quality detached dwellings on lots sized in accordance with existing R1 zoning.

Amendment 156 also sets criteria for the location of multiple-family developments in the Community. It requires locations for such developments to be designed to avoid conflict with existing single-family development, and calls for a satisfactory relationship to traffic pattern, parks, community and commercial facilities. The subject application does not appear to meet these criteria, and no other justification for supporting the proposed change in land-use designation is evident.

It is concluded that in the light of the well-established low-density residential character of the area, and the explicit objective of Official Plan Amendment 156 to retain and consolidate such a character, the present proposal must be regarded as contrary to the intent of the plan, and not an acceptable change.

Similarly, with regard to the requested zoning change from R1 to the RM5 category to permit townhouses at 12 units per acre, it is considered that the present zoning is functioning properly as an instrument to protect the existing neighbourhood from the impact of higher densities, and should not be changed.

- 5 -

ITEM: 3
FILE: OZ/75/74
DATE: August 13, 1975

CONCLUSION

In view of the foregoing, it is suggested that the proposal to amend the Official Plan from Residential and Greenbelt to Residential Multiple-family, and the Zoning By-law from R1 to RM5 to permit townhouse development, is not in conformity with the general character of the surrounding area, is not acceptable from a planning standpoint, and should not, therefore, be approved. The development of the subject lands should proceed on the basis of the existing R1 zoning and subject to a plan of subdivision.

RECOMMENDATION That the application be refused.

RECOMMENDATION OF PLANNING COMMITTEE AUGUST 13, 1975

That further consideration of this application be deferred to the September 3, 1975 Planning Committee meeting, and that this application proceed directly from there to the September 8, 1975 Council meeting; and further, that in view of the controversy over possible redevelopment of the subject site a public meeting be held on this application on September 3, 1975.

RECOMMENDATION OF PLANNING COMMITTEE SEPTEMBER 3, 1975:

THAT the Staff Report recommending that the application be refused be adopted.

CITY OF MISSISSAUGA
Engineering and Works Department

July 30, 1975.
Our File: P.N. 75-115
04-00-150.1

Mayor and Members of Council,
City of Mississauga,
Mississauga, Ontario.

Ladies and Gentlemen:

SUBJECT: Contract for the Reconstruction of a Retaining Wall
at Dodsworth Crescent.
P.N. 75-115

ORIGIN Works Department

COMMENTS Listed below is a summary of tenders received and
opened by the Committee of Council on Tuesday,
July 29, 1975.

1) C. Olivieri Masonry	\$3,000.00
2) Varis Construction (1973) Ltd.	\$3,150.00
3) L & M Striping Company	\$5,495.00

The low bidder did not enclose a certified cheque with
the tender which is a requirement of the form of tender.
In addition, the low bidder is unable to complete the
work as outlined in the contract.

RECOMMENDATION We recommend that the contract for Reconstruction of
a retaining Wall at Dodsworth Crescent be awarded to
Varis Construction (1973) Ltd., the second low bidder,
at the tendered price of \$3,150.00.

A draft resolution to this effect is attached.

Yours very truly,

M. A. Millard, P. Eng

M. P. Taylor, P. Eng.
Commissioner of Works, Building &
Engineering.

MEMORANDUM

R-3

To All Members of Council

From Councillor David J. Culham

Dept. _____

Dept. Ward 6

August 14, 1975

Re: Traffic - West Cooksville Area

Please find enclosed a Report that went out to Ratepayers in June 1975.

Council action has already taken place on Isabella - Parker Road situation.

Council has received a brief and petition supporting major parts of this Report from the Glen Sharon Ratepayers.

Council has received a petition from the Seven Oaks area representing over 80% of the residents supporting the proposal for that area. In the survey at that time, people were informed of the proposals that would be a part of this Report.

The overwhelming majority of people in the Gordon Wood area support the successful experiment of the Gordon Drive barrier.

I suggest the Report be adopted.

DJC/gc

Enclosure

TO BE RECEIVED.
RESOLUTION AVAILABLE

REPORT

TRAFFIC & TRANSPORTATION - WEST COOKSVILLE

R-3a

Neighbourhoods: Glen Sharon-Seven Oaks
Gordonwood-Queensway Gardens, etc.

All of the neighbourhoods within the West Cooksville area have significant traffic problems. Several reports have been submitted to various City and Regional Committees by the Ward Councillor on these problems. A number of improvements have been made south of the Queensway, while in other cases improvements will only be seen after 1975 capital budget implementations.

The problems are obviously complex. Previous decisions (April 10/72) and changes such as the re-alignment of Stavebank Road have added traffic pressures to areas not having experienced it previously. Growth in the Glen Erin Woodlands and the Queensway Gardens along with development west on the Dundas has placed additional traffic on the West Cooksville area. This has been particularly felt on Glengarry, Premium Way and Gordon Drive, on roads never designed for such traffic.

Decision making has been characterized by a fatalism which accepted heavy traffic as inevitable. Ad hoc decisions on stop signs were made because of citizen pressure often without regard for long-term effects or implications to the system. Politicians empathized with citizens to be sure but had no solutions to offer. This report accepts some of the inevitable but attempts to alter the existing chaotic situation and to supplant such chaos with some semblance of order in our traffic patterns.

The following is a total package for the West-Cooksville design to achieve over-all improvements with minimum detractions to the system. Obviously, I have made them fully understanding my

R-3b

TRAFFIC & TRANSPORTATION-WEST COOKSVILLE

responsibilities to the people of Erindale Woodlands-Glen Erin Woodlands and people west of the Credit River in the Sheridan Homelands-Erin Mills and Mississauga Road area. The suggestions are a collection of those from ratepayers, traffic personnel and my own.

These proposals are based on several considerations:

1. Through traffic should not penetrate residential neighbourhoods, and especially where it is possible to encourage traffic to use major arterials.
2. Past traffic patterns especially by-law decisions by previous Council must be regarded as "givens" to be modified only if necessary and only if possible.
3. Monetary costs in implementing, should be an important factor in decisions.
4. Improved road surfaces and site lines encourage greater traffic volume that must be contained by design changes.
5. Accessibility to and from a neighbourhood should be optimized, not maximized.

PROPOSED CHANGES

Glen Sharon

1. (a) Stop signs to be placed on Glengarry-Cedar Glen Gate and at Glengarry intersection with the Queensway. Traffic east-west on Sharon and Cedar Glen Gate be unimpeded.
(b) Three-way stop should be placed at Avongate and Glengarry.
(c) The stop sign at the southern intersection of Sharon Crescent and Glengarry should be removed.

R-3c

TRAFFIC & TRANSPORTATION-WEST COOKSVILLE

Queensway Gardens

2. Four-way stop signs should be placed on Stillmeadow at Paisley and Louis Drive impeding north-south traffic.
3. The residential development north of Paisley should be encouraged so that the reconstruction of Stillmeadow-Dundas intersection can take place on a pre-servicing agreement according to the proposed plan of subdivision.

Seven Oaks

4. The Mavis Road-Stavebank intersection should be redesigned. Such a redesign will include a right-hand turn island on Stavebank south of the Queensway at the intersection impeding south-bound Mavis Road traffic from proceeding south on to Stavebank.
5. The Stillmeadow-Lynchmere barrier should be made permanent with pedestrian-bicycle bridge being constructed by the builder and an appropriate tree planting is to be made on the right-of-way. Some consideration should be given for continuous street lighting across the walkway area.

Gordon Wood

6. Gordon Drive should be made into two cul-de-sacs at a suitable location between Breezey Pine and Harborn Trail. Suitable tree planting should occur on the road right-o-way with suitable narrow walkway and bicycle path to be provided.

Earlier Decisions:

7. (a) To place the island at Gordon and the Queensway intersection;

R-3d

TRAFFIC & TRANSPORTATION-WEST COOKSVILLE

7. (b) To acquire property and re-align Harborn Trail at Premium Way - should be rescinded.
8. No recommendation should be made to reduce neighbourhood speed to 25 m.p.h. as this may come under a general City wide by-law.

Steps to be Taken:

1. Notification of all ratepayers groups in area by letter.
2. Hold a meeting of all the executives of the ratepayers groups prior to any public meeting.
3. Hold a Public Meeting in the area after all ratepayers have been notified with the co-operation of the ratepayers groups.
4. Obtain petition support at the meeting.
5. Provide a report to Council.
6. Place motion adopting report to Council.

We, the undersigned protest against the removal
of the guard, at the address below;

Texaco Refinery,
250 Lakeshore Rd. W.,
Port Credit, Ont

P-1

We feel if the guard is removed, that some child
will be run down by one of the trucks that go in &
out of there, all day long. Even grown-ups have to
be careful, going by there. So we feel, that there
should be someone there to watch over the children,
as some of the trucks that go in & out of there, think
it a raceway. We hope it doesn't take a child, being
killed for you to realize that a guard is needed
there. We hope this letter gets quick action.

I hope this petition, shows you that there
~~are~~ a number of parents, who are against
the removal of the guard at the Texco Refinery.
We feel it is much too dangerous, for the
children to be going by there, without
adult supervision. If the guard is still
removed, after you receive this, we will have
to take further steps. I hope that is not
necessary. If you would take time & watch this
area, you would see how dangerous it is & realize
a guard is needed there. If it was not dangerous
for children to go by there, this petition would
not be necessary. I personally refuse to send my
children by there, without adult supervision & other
parents feel the same way. So please keep the guard
there.

Thank you kindly
Mrs. A. Bock.

TO BE RECEIVED. REFERRED
TO TRAFFIC SAFETY COUNCIL

**applewood heights homeowners' association
mississauga, ontario.**

September 2, 1975

His Worship The Mayor of Mississauga
and Members of the City Council
55 City Centre Drive
Mississauga, Ontario

Dear Mr. Mayor and Council:

This letter accompanies a petition signed by more than 650 of the residents of Queen Frederica Drive and the area immediately adjacent to this street, who are greatly concerned by the increased volume of speeding cars on this street. This occurs at all hours of the day and night creating a hazard not only of noise, but also to traffic and pedestrian safety.

The Peel Regional Police Department can confirm the numerous accidents which have occurred recently, and in the past, and we remind you that there is an entrance to a playground fronting on Queen Frederica as well as a Senior Citizens' apartment building on this street. This means the safety of our children and senior citizens is at stake.

We would like to propose that three-way stop signs be erected at the following intersections:

Sylvania Dr. & Queen Frederica
Westerdam Dr. & Queen Frederica
Gripsholm Dr. & Queen Frederica

- and possibly signs also in front of 3070 and 3105 Queen Frederica.

In the meantime, we would like increased traffic patrol by the police at rush hours and late in the evening.

Sincerely yours,

"Frank Bean" Director

E 1

The Regional Municipality of Peel

August 20, 1975.

Mr. T. L. Julian,
Deputy Clerk,
City of Mississauga,
1 City Centre Drive,
MISSISSAUGA, Ontario.

Dear Sir,

Subject: C.N.R. Malport Terminal
Our Files 75-331 and 75-332

I wish to draw your attention to the following two resolutions related to the proposed C.N.R. Malport Terminal which were adopted by Regional Council at its meeting held August 14, 1975:

Resolution 75-331

"That as a result of the comments contained in the letter dated August 6, 1975, from the Honourable William G. Davis, Premier of Ontario, the Task Force studying the C.N.R. Malport Intermodal Terminal be discontinued."

Resolution 75-332

"Whereas the Premier of Ontario has rejected the Malport C.N.R. proposal at its presently proposed location;

And whereas another location is being actively sought;

Therefore be it resolved that the C.N.R. be informed that the Region of Peel has not agreed to the present proposal to proceed and further that the staff be instructed to discontinue dialogue with the C.N.R. on this subject until Council is informed of any suggested new location."

I am attaching a copy of Premier Davis' letter of August 6, 1975, to which reference is made in the above quoted resolutions.

I-1b

The Premier
of Ontario

Parliament Buildings
Queen's Park
Toronto Ontario

August 6, 1975.

Dear Mr. Frost:

In your letter of June 27, 1975, you requested written confirmation that "the CNR Malport Intermodal Terminal is not a permitted use under the Parkway Belt Regulations".

When the original design of the Parkway Belt was undertaken attempts were made to satisfy several objectives. One of these was the inclusion of all existing and proposed transportation and communication facilities. As such, the main line of the CNR in the Malton area was included within the Parkway Belt as well as the lands located north of the railway line and south of the proposed alignment of Highway 407. At that time the plans of the Railway to expand their terminal facilities were not known to our staff, and did not become known to them until mid 1974. When it was identified that the CNR did indeed intend to expand their facilities, discussions took place at the staff level to determine whether or not all of the elements of the Parkway Belt could be included in this area, and arranged in such a way that the objectives of Hydro, Highways and the Railways could be met.

... 2

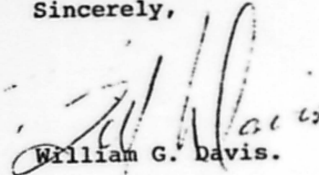

RECEIVED

6.e)-2-

E1C

However, as I have indicated previously I am very concerned about the possible adverse effects that this intermodal terminal could have on residents in the area. Accordingly I requested that provincial staff and staff of the CNR review the entire situation once again to determine a more viable alternative, one which satisfies the needs of all concerned and protects the residents of the area satisfactorily. These evaluations are taking place presently, and I am insisting that a satisfactory alternative be identified.

Sincerely,

William G. Davis.

Mr. Richard L. Frost, M.A.,
Regional Clerk,
The Regional Municipality of Peel,
150 Central Park Drive,
Bramalea, Ontario.

His Worship M.L. Dobkin, M.D.
Mayor of the
City of Mississauga
1 City Centre Drive
Mississauga, Ontario
L5B 1M2

Dear Mr. Dobkin:

In reply to your letter of July 2nd 1975, concerning the Queen Elizabeth Way study in Mississauga, it has always been the policy of this Ministry to advise the elected and technical representatives before holding public meetings on our highway studies.

With this in mind, the staff of the Ministry met with technical representatives of the City of Mississauga and the Region of Peel on June 10th 1975, to outline the project and to discuss tentative arrangements for a meeting with council. The intention was to review the project with council in July or August, prior to public meetings which were tentatively planned for September.

However, it was recently decided to defer any further work on the highway study in light of the current, official plan studies of the city and the region. I am sure you are aware that some of the recommendations in the city's study, if implemented, will have a serious impact on the Queen Elizabeth Way corridor. Therefore, it is apparent that the Ministry has proceeded as far as necessary at this time, until the municipal studies have been finalized.

...2

BEEN SENT TO R. EDMUNDS
AND W. TAYLOR

I-2a
—

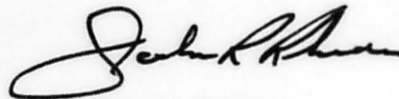

His Worship Mayor M.L. Dobkin, M.D.

July 25th 1975

The information collected and the alternative concepts developed in the highway study will be made available to the city and the region to assist the technical staff of the municipalities in these other studies. It would be inappropriate at this time to arrange a formal presentation to council until the aforementioned municipal studies have been concluded.

For your information, though, I understand an informal meeting was held with the local councillors in the area of the highway study to brief them on the concepts identified to date and the status of the study.

Yours sincerely,

John R. Rhodes
Minister

Re: Inquest into death of Rosa Maria BUEMI
deceased- May 24, 1975. Our file #10587.

Dear Sir:

Enclosed is a copy of the Verdict of Coroner's Jury,
and also an explanatory letter from our Coroner, Dr. K. Flynn,
which appear to be of interest to you.

We request that you bring the Jury's Recommendations
to the attention of your Council.

Please forward any results of these Recommendations
directly to this office. We will send them on to the
officials concerned.

Your co-operation will be appreciated.

Yours very truly,

Re: Rosa Maria Buemi (5)
Died 24 May 1975
Inquest 24 July 1975

Dear Dr. Cotnam:

I feel a few comments on the verdict and recommendations of the above inquest would be of assistance.

This child drowned while a neighbour's pool was unattended for about half an hour. The below-ground pool is enclosed by a perimeter fence 4' high all around. One side is Frost-type 1 1/2" chain link fence with top bar, one chain link without top bar, and one of horizontal boards 1" X 6" on 8 foot posts. The fourth side was provided by the back wall of the house with patio door also by horizontal boards and a self locking gate. At two corners, neighbour's ranch style fences provided easy steps to allow a child to climb over and a third corner had open-mesh wire also allowing for easy climbing. All of these had been present at the time of final inspection by the building inspector in June 1974, yet nothing was done to correct the situation.

Current by-laws require a "suitable fence or enclosure" of not less than four feet in height. A great deal of discussion took place over the definition of "suitable". The Crown Attorney and I both feel that this gave the inspector discretion to withhold the final inspection signature as the enclosure obviously was not "suitable" for the intent of the by-law, i.e. to prevent easy access by small children.

I-34
DR. K. FLYNN

I strongly urge that the City of Mississauga consider this in their new by-law which is at present under review. There appears to be no way to prevent this situation as long as perimeter fencing is allowed, yet the onus for protection must remain with the pool owner.

Brian Patterson, Water Safety Director from the Red Cross attended as an expert witness and was of great assistance.

Yours sincerely,

K. Flynn, M.D.

Committee

APPOINTMENT FOR HEARING

Hamptonbrook Developments Limited, Richview Construction Limited and Nedo Custom Builders Limited having appealed from the conditions imposed in five decisions of the Regional Municipality of Peel Land Division Committee dated the 8th day of May, 1975, whereby the Committee granted their applications numbered B 101/75M to B 105/75M inclusive for consent to the conveyance, mortgage or charge or to an agreement for the sale and purchase of five parcels of land having varying dimensions, the lands in question being composed of part of Lot 1, Concession 3, E.H.S., formerly in the Township of Toronto and now in the City of Mississauga, upon the following conditions set out in the said decision:

1. Subject to the Regulations of the Environmental Protection Act (Part 7);
2. Subject to the Regulations of the Metropolitan Toronto and Region Conservation Authority;
3. Payment of cash in lieu of 5% parks dedication.
4. Receipt of a Certificate from the City of Mississauga Engineering, Works and Building Department indicating that satisfactory arrangements have been made with the said Department with respect to: sewer connections at cost to owner, a site plan detailing driveway entrances and grading as per Resolution 109/73, levies for curb, sidewalk and mud tracking control and grading as per Resolution 109/73, dedication of sufficient property to permit the extension of Bradco Boulevard within an 86' road allowance, and any other usual requirements of an Engineering Agreement.

IN THE MATTER OF two appeals by
Norman Bell Keevil, Sr. from one
of the conditions imposed in two
decisions of the Regional Municipality of Peel Land Division
Committee

APPOINTMENT FOR HEARING

Norman Bell Keevil, Sr. having appealed from one of the conditions imposed in two decisions of the Regional Municipality of Peel Land Division Committee dated the 10th day of April, 1975, whereby the Committee granted his two applications numbered B-63/75M and B-64/75M for consent to the conveyance, mortgage or charge or to an agreement for the sale and purchase of two parcels of land, each having an area of approximately 20,000 square feet, the lands in question being composed of parts of Lots 5 to 11 and 58 according to Registered Plans No. B-88 and A-23 for the first parcel and parts of Lots 12, 15 and 16, according to Registered Plan B-28 for the second parcel, in the City of Mississauga, upon the conditions set out in the said decision;

- (1) Subject to the Regulations of the Environmental Protection Act (Part 7).
- (2) City of Mississauga Planning Department to be satisfied as to the development, prior to issue of Certificate of Consent, Re Engineer's report regarding soil stability and building set back from lake.
- (3) Require Engineering Department site plan approval prior to building permit.
- (4) Lorne Park Association water service to be made available to new lots.
- (5) Subject to payments of Municipal and Region of Peel lot levies as applicable at the date of issue of the Final Certificate of Consent.
- (6) Payment of amount approved by City of Mississauga Council for 5% cash in lieu of land for park purposes. (Sec. 33, R.S.O. 1970 (8) Planning Act).
- (7) Subject to the Regulations of the Credit Valley Conservation Authority.
- (8) The City of Mississauga does not assume any liability in any manner or cause of lake front erosion.

THE ONTARIO MUNICIPAL BOARD hereby appoints Friday the 26th day of September, 1975 at the hour of two o'clock (local time) in the afternoon at the Board's Chambers, Sixth Floor, 123 Edward Street, Toronto for the hearing of all persons who desire to be heard in support of or in opposition to the appeal.

Dear Sir and/or Madam:

Re: Section 4(9) - Ontario Human Rights Code

Windsor City Council at its meeting held August 11, 1975 adopted the following resolution:

"759/75 That the Provincial Secretary of Justice and Attorney General of Ontario BE REQUESTED to recommend to the Government of Ontario that Section 4(9) of the Ontario Human Rights Code be amended so that it shall read as follows:

'Clauses (b) and (g) of subsection 1 do not apply to any bona fide superannuation or pension fund or plan or any bona fide insurance plan that provides life, income, disability, sickness, medical or hospital payments or benefits of a monetary kind to which an employee, his survivors or dependants are or may be entitled that differentiates or makes a distinction, exclusion or preference between employees or any class or classes of employees because of age, sex or marital status.'

and that this resolution be submitted to local members of the Provincial Parliament, the Association of Municipalities of Ontario and to all cities in Ontario for their support and endorsement."

Yours very truly,

W.J.B. ram
D/ City Clerk

BUREAU
MUNICIPAL
RESEARCH

I-15

BETTER GOVERNMENT THROUGH RESEARCH

2 Toronto Street, #306, Toronto, Canada M5C 2B6
Telephone (Area Code 416) 363-9265

August 19, 1975.

His Worship Mayor M. L. Dobkin
City of Mississauga,
1 City Centre Drive,
Mississauga, Ontario.

Dear Mayor Dobkin:

As a member of the Bureau of Municipal Research, you are no doubt aware of the many research projects which we undertake and complete each year. Perhaps you have noticed that our emphasis is more and more towards solving everyday operational problems of local government. Due to limited resources, we obviously cannot study all of the matters which our members feel are important, but we have become aware of a newly proposed program at the national level which may somewhat rectify this situation.

The Canadian Federation of Mayors and Municipalities is currently negotiating with the Federal government for a multi-year grant to carry out the very kinds of projects in which you may be interested. The Bureau would like to take this opportunity to give you some advance information which may be of assistance to municipalities that are interested in pursuing a research grant for a particular operational problem.

Some of the possible criteria are as follows:

- (a) The grants will be given directly from the Canadian Federation of Mayors and Municipalities to the applying municipality.
- (b) Grants in the \$5,000 to \$20,000 range, taking three to six months, are the type desired.
- (c) Municipalities will be asked to provide 15% of the project cost.
- (d) Work may be performed by in-house staff, consultants or associations, but always under direct control of an officer of a municipality.
- (e) The program should be announced sometime in October 1975.

TO BE RECEIVED

. . . . 2

There will be a limited number of grants available, therefore those municipalities that can identify a problem area and submit a proposal early in the program will obviously have the best opportunity of receiving funding.

The Bureau in no way is encouraging a rush to obtain money just for the sake of it, but rather would like to see meaningful research undertaken which can be of value to the many municipalities across Canada with similar problems. If any of your municipality's elected representatives or department heads has an idea for such a study, now is the time to begin to develop it. The Bureau would be pleased to be able to help in any way possible - assisting in project design, partially or wholly responsible for completing the study, or simply as an additional point of resource.

I hope that this information has been helpful and that at least a few of our governmental members will pursue this excellent opportunity to examine and hopefully find answers to some of the pressing problems facing us today.

Yours sincerely,

Charles K. Bens

Charles K. Bens,
Executive Director.

Clerk,
City of Mississauga.

Dear Mr. Clerk:

It is with pleasure that we forward the enclosed certificate to recognize that your municipality's road employee has completed a three day course in the C.S. Anderson Road School sponsored by the Ontario Good Roads Association.

By attending the various courses in the School and by taking an active part during the discussion periods the participants indicate a desire for additional knowledge which this certificate is designed to acknowledge.

The certificate has been redesigned to serve as a master certificate. For each course taken in subsequent years an appropriate decal will be provided which can be affixed to the certificate.

May this letter be brought to the attention of Council.

Yours truly,

B. J. McCaffery

L5B 1M2.

Dear Sirs:

RE: Favorite Investments Mortgage loan from
Imperial Life Assurance Co. of Canada,
Part of Lot 8, Concession 7, 6465
Airport Road, Mississauga.

I am the solicitor for the mortgagor on the above-noted property.

The title to the property is subject to a severance which was granted in December, 1950 by the "Gore Planning Board" which decision was registered on instrument no. 4113. The gist of the decision was to the effect that "only one single family dwelling shall occupy the land without the consent of the board."

My clients have erected a two storey office building on the property in accordance with all applicable by-laws of the City of Mississauga and in accordance with the requisite consent and permit obtained from the City of Mississauga.

I am advised by Laurie Grant, the assistant City Solicitor, that the Council of the City of Mississauga is the successor to the Gore Planning Board. Accordingly, I would appreciate receiving your consent, as the successor to the Gore Planning Board, to the erection on the property of the office building. Any further information with respect to this matter may be obtained from Miss. Laurie Grant.

I thank you for your co-operation and trust that the matter will receive your earliest attention.

TO BE RECEIVED.

HAS RECEIVED A COPY

THE MINEOLA BRIDGE

I-19a

WHY IT SHOULD NOT BE BUILT.

PROGRESS BEGETS PROGRESS AND THE FINAL EFFECT IS, AND HAS BEEN SELF DEFEATING.

THE GARDINER EXPRESSWAY IS A GOOD EXAMPLE. IT WAS BUILT TO FACILITATE A TRAFFIC FLOW INTO TORONTO. IT NOW PRODUCES, AT RUSH HOURS, A FIFTEEN MILE JAM.

THE MORE PEOPLE WHO ARE HOUSED WEST OF TORONTO, THE MORE TRAFFIC WILL OCCUR AND NO DISSECTING OF ONE OF THE BEST RESIDENTIAL AREAS IN CANADA IS GOING TO IMPROVE THE SITUATION.

THE MAYOR WAS ELECTED ON A "NO GROWTH" PLATFORM. HIS SUPPORT SHOULD BE SOUGHT TO STOP THIS PROJECT. LAND HAS BEEN TAKEN BY THE CITY ON THE STAVEBANK ROAD FOR WIDENING. THIRTEEN FEET FROM MY NEIGHBOUR, WHICH IN MY ESTIMATION, IS INDICATIVE OF FAR REACHING PLANS. HERE WE CAN SEE THE EYE OF THE PLANNER, WIDE MODERN STREETS, CURBS, BOULEVARDS, SIDEWALKS, ETC. BUT DEVOID OF THE TREES THEY WOULD HAVE TO CUT DOWN, GIVING US FAST MOVING TRAFFIC, NOISE AND POLLUTION. VERY STERILE AND REPUGNANT. GIVE ME THE OLD COUNTRY LANE APPEAL, THAT'S WHAT I LOVE ABOUT THIS AREA. TO PLAN IS A FINE AND GOOD THING, BUT TO DESTROY IS REGRESSIVE, AND THIS IS DESTRUCTION.

THE QUESTION THAT GOES THROUGH MY MIND IS -----WHAT ARE THEY REALLY PLANNING, HOW LARGE IS THIS SYSTEM ULTIMATELY GOING TO BE? THEY ALWAYS DOWNPLAY THEIR FULL INTENTIONS, ESPECIALLY WHEN THEY USE THE PHRASE "MINOR ARTERIAL ROAD". NO ARTERIAL ROAD IS MINOR.

THE COMMISSIONER OF PLANNING SAID "THE PURPOSE OF THIS MEETING IS TO STIMULATE YOUR INTEREST AND GET YOUR PARTICIPATION". END OF QUOTE. THE FEELINGS OF THE RESIDENTS HAVE BEEN EXPRESSED IN THE

I-196

PAST AND THIS IS A MATTER ON RECORD. THEY ARE DEFINITELY OPPOSED TO THE CONSTRUCTION OF THIS BRIDGE, AS SOMETHING WHICH COULD BE, AND MORE THAN LIKELY WILL BE, INJURIOUS TO A PERSONS HEALTH. THIS HAS BEEN PROVEN ON THE DON VALLEY EXPRESSWAY WHERE SOUND BARRIERS WERE ERECTED, BUT ACCOMPLISHED NOTHING. THERE ARE SERIOUS PROBLEMS ON THE 401 WHERE THE SCHOOL TEACHERS CANNOT GIVE A DISCOURSE WITH A NORMAL CONVERSATION. THE FEELING IS THAT THE HEALTH AND EDUCATION OF THE PUPILS AND TEACHERS WILL BE AFFECTED. THERE ARE THE PROBLEMS WHICH HAVE ARISEN ON THE QUEENSWAY EXTENSION FROM THE DIXIE ROAD GOING EAST ON THE HYDRO RIGHT-OF-WAY. THESE PEOPLE CANNOT SLEEP AT NIGHT BECAUSE OF THE TRAFFIC NOISE. HOW COULD THEY POSSIBLY RE-SELL THEIR HOMES UNLESS AT A SUBSTANTIAL LOSS. THE VERY FACT THAT THIS BRIDGE IS SPANNING A VALLEY AND A RIVER GIVES IT A DOUBLE BARRELLED EFFECT OF SOUND TRANSMISSION. SOUND TRAVELS LONG DISTANCES OVER WATER AND THE VALLEY GIVES IT A TUNNEL EFFECT, THEREBY CREATING AND ACCENTUATING A GREATER PROBLEM OF "NOISE POLLUTION".

ON CERTAIN DAYS THE NOISE OF TRAINS OVER THE BRIDGE SOUNDS AS IF THEY ARE IN YOUR BACK YARD AND I AM ABOUT ONE MILE ABOVE THE TRACKS. MOST OF THE RESIDENTS THAT I KNOW AND WHO WILL BE LIVING CLOSE TO THE PROBLEM ARE OLDER AND MORE SUSCEPTIBLE TO NOISE, ESPECIALLY THROUGH THE NIGHT. THOSE PEOPLE WHO ARE ALREADY ILL WOULD FIND THE SITUATION UNBEARABLE. HERE, I SPEAK FOR MYSELF (SEVERE ASTHMA AND BRONCHITIS) AND MY WIFE (ARTHRITIS). OUR ILLNESS DOES NOT ALLOW A CONTINUED UNINTERRUPTED SLEEP. THIS WOULD BE A FURTHER AGGRAVATION WHICH WOULD MAKE WORSE, THE CONDITION OF OUR HEALTH.

WITH THE INSTALLATION OF A FOURTH BRIDGE, ALL WITHIN A MILE AND THREE QUARTERS IS NOTHING LESS THAN AN ASSAULT ON THIS BEAUTIFUL RESIDENTIAL AREA AND THE PEOPLE IN IT.

THE RATTRAY ESTATES PROPERTY HAD HUNDREDS OF ECOLOGY MINDED PEOPLE AND THE CREDIT VALLEY CONSERVATION AUTHORITY FIGHTING TO SAVE THIS WILDLIFE SANCTUARY AND MARSH. WE NEED THESE PEOPLE BEHIND US TO OPPOSE THE BRIDGE. THIS IS NOT THE FIRST TIME THIS BRIDGE HAS BEEN PROPOSED. UNLIKE THE RATTRAY SWAMP, THE BIGGEST OBSTACLE WAS MONEY - IN THIS CASE, NO MONEY IS REQUIRED TO PRESERVE IT - JUST LEAVE IT ALONE.

THIS BRIDGE WOULD BE HARMFUL TO THE RESIDENTS IN MANY WAYS:

- A. TO THE HEALTH OF THE RESIDENTS
- B. BY NOISE (POLLUTION)
- C. POLLUTION (CARBON MONOXIDE)
- D. LOSS OF WILDLIFE
- E. PROPERTY DEVALUATION.....25% ?

ALTERNATIVES

USE THE NORTH AND SOUTH SERVICE ROADS, WIDEN THESE TO FOUR LANES ON EACH SIDE OF THE QUEEN ELIZABETH HIGHWAY. THIS WOULD BE SOMETHING SIMILAR TO THE 401 OVER TORONTO. WIDEN THE CREDIT RIVER BRIDGE AND INSTALL BRIDGES OVER THE #10 HIGHWAY AND THE OTHER INTER-CHANGES WHERE NECESSARY.

OR, STRUCTURALLY BEEF UP THE EXISTING CREDIT RIVER BRIDGE TO ACCOMMODATE A DOUBLE DECK AFFAIR FROM SOUTHDOWN ROAD GOING EAST. GO AS FAR AS NECESSARY TO DUPLICATE THE RELIEF THEY ARE STRIVING FOR IN THE MINEOLA BRIDGE.

ANOTHER IDEA WOULD BE USING THE C.N.R. TRACKS (GOVERNMENT PROPERTY) AND CONSTRUCTING A ROADWAY ABOVE THE TRACKS WITH A STRUCTURAL DESIGN PROVISION, FOR A SECOND ROADWAY. THIS WOULD DISPENSE WITH THE PURCHASING OF MILLIONS OF DOLLARS WORTH OF PROPERTY AND ABSOLUTELY NO DISRUPTION OF AN OLD AND BEAUTIFUL "NATURE PARK".

OR CONSTRUCT A TWO LANE ROADWAY ON EACH SIDE OF THE TRACKS.
THE DOUBLE DECKING, AND TRIPLE DECKING CONCEPT COULD BE
APPLIED TO ANY DISTANCE REQUIRED TO ALLEVIATE TRAFFIC PROBLEMS . YES,
MAYBE FROM TORONTO TO HAMILTON. IT COULD BE ELEVATED ELECTRIC BUSES
IN THE FUTURE FOR FAST ADDITIONAL DOWNTOWN TRANSIT OR ADDITIONAL
AUTOMOBILE TRAFFIC.

AS A LAST RESORT, WIDEN THE LAKESHORE ROAD THROUGH PORT
CREDIT, OR REMOVE THE DIAGONAL PARKING, WHICH HINDERS THROUGH TRAFFIC.

Yours truly,
(Signed) Jack Amos.

Sunday, July 27/75
Tel. 270-3739

Councillor Caye Killaby,
Ward 4, City Hall,
Mississauga, Ont.

Dear Mrs. Killaby:

You have already assisted the local residents in obtaining at least a "reluctant" compromise with respect to the proposed plaza on the Lillian Freedman property, Bloor and Mississauga Valley Blvd.

We, the undersigned, would like to ask your further assistance in a matter concerning the development of the land adjacent to and east of the Lillian Freedman property, owned by S. B. McLaughlin & Associates.

This property has already been the subject of a rezoning application (Planning Committee meeting Wed. July 16th) from single family to multiple dwellings; i.e., town houses and a recommendation that this be approved, subject to a traffic report, has gone to General Council. It was indicated that the latter would meet July 30th although we would not be informed.

Our objection is not to the rezoning but to the intention to divert all in and outgoing traffic from the development onto Silverado Drive, for there is to be no access from Bloor St.

The site has been designed with no interior roads. Parking is underground, reached from Silverado. All deliveries have to be made via Silverado and then overland to the doors of the units. Visitors' parking and central garbage collection are adjacent to and also reached from Silverado. The site is designed for 90 units so it is not unreasonable to assume up to 150 cars using the site at any one time.

Silverado is only 28 feet wide. If one small compact is parked on the street, two cars cannot pass each other. The traffic load is already heavy because Silverado is a link between Cawthra and Mississauga Valley Blvd. via Santee Gate and Candela. Local children, because of the lack of play areas frequently use the road for hockey, baseball, etc. The density will increase considerably with the advent of the plaza at Miss. Valley Blvd/Bloor and with the 15/16 on street townhouses on Silverado. It seems to us to be ridiculous to add further to Silverado's traffic density and the pollution and noise burden of local residents by diverting all the new townhouse site traffic, private and commercial via this road.

TO BE RECEIVED. REFERRED TO
PLANNING & ENGINEERING DEPTS.

We raised these objections, and they were also mentioned (perhaps not so strongly) by our Ratepayers' Association, at the aforesaid Planning Committee meeting. But the Committee, while admitting that none of them were actually familiar with the area, brushed them aside. The Mayor, in fact, while asking for a traffic report, said we need not worry as a similar development at Flame wood and Swirling Leaves caused no traffic or parking problems. Just to show we know the Mayor's area as well as our own, we visited today Flamewood Townhouse site (Sunday 1 p.m.) and counted 12 cars parked nose to tail on Swirling Leaves despite resident and guest parking. Knowing the reluctance of people to use underground parking in the summer, you can just imagine Silverado Drive! (Flamewood is a small development, I think) Incidentally the problem seems to be on Swirling Leaves so no wonder the Mayor isn't troubled by it!

So it seems to us that the Planning Committee through ignorance of local conditions are once again going against the wishes of the local community. It doesn't appear that any traffic count or survey has been done on Silverdao nor any real consideration given to alternative traffic routes.

Why, when all other Mississauga Valley townhouse developments have internal roads is this one not to have any? We suspect it is to permit McLaughlin to cram more townhouses to the acre than would be otherwise possible! (17 to the acre, I think)

Village Gardens development (south side of Bloor, West of Mississauga Valley Blvd) is entered from Bloor; the Plaza will have access to Bloor, so what is the objection to using Bloor St. as access to or exit from the proposed townhouse site?

Please take up these points with Council and impress on them that Silverado residents are not satisfied with the Committee's proposals and that they desire a much more detailed investigation into potential traffic congestion and danger to children. Just because it took seven meetings to reach a compromise on Lillian Freedman is no excuse to rush through a bad decision against the wishes of local residents to be directly affected. Tax hunger should not be allowed to overshadow preservation of environment.

Since the City seems to like compromises why cannot we have a one way traffic system within the site with say an entrance from Silverado and an exit onto Bloor, or vice versa?

Yours very truly,

Signed: Mr. & Mrs. Chris Dunning, 3366 Silverado Dr.
Mr. & Mrs. Frank Glasser, 3370 "
Mr. & Mrs. Roger Ould, 3376 "
Mr. & Mrs. Geoffrey Scott, 3358 "
Mr. & Mrs. John Riddell, 3372 "

P.S. Caye, this was drafted in haste before going on vacation.
Will be back by August 15th. As this problem was felt most

keenly by those immediately on Silverado and because of lack of time and people away on holiday, we have not involved the ratepayers on the East Valley Homeowners in this letter. They are, however, in agreement with us as far as the main points raised are concerned.

(Signed) Chris Dunning

Dear Sir:

RECEIVED

REGISTRY NO. 7221

DATE AUG 25 1975

FILE NO. 145-75

CLERK'S DEPARTMENT

As advised by Mr. R. Hutton, I am writing to you to confirm and emphasize my concerns relating to the application of the proposed new Official Plan as it will affect my residential property which is located on the East Bank of the Credit River, north of Burnhamthorpe Road.

Specifically, the design of the structure and approaches of the proposed four lane bridge and light rail system will obviously have considerable impact on the amenities of my property as well as possibly requiring encroachment and the acquisition of a portion of my lands.

I take the opportunity of writing at this time to ensure that these considerations are noted so that at such time as detailed designs are commenced, I may ensure sufficient co-operation to minimize the impact on the amenity of my property as well as the acquisition of any portion of the land.

If desirable, I would also be prepared to address the Council directly to emphasize these concerns at an appropriate time.

In the meantime, I would appreciate it if you would place these matters on record together with previous correspondence addressed to Mr. H. Petschar and reply from Mr. W. J. Anderson under your file No. PN 71-084, which took place in December 1972 and January 1973.

Yours truly,

R.A. Bird

REGD

DATE AUG 25, 1975

FILE NO. 1-75

CLERK'S DEPARTMENT

Dr. L. Robble, Mayor
One City Centre Drive
Mississauga, Ontario

Dear Dr. Mayor:

Three firms, Romsey Developments, Phi International Inc., and Dundas Holdings have applied for changes in zoning from R-2 or R-4 or both to permit development of townhouses under R-5 or R-5 Special Section and O1 for parks. We voiced our concern at a public meeting of the Planning Committee July 16 last. Here our association's views are re-iterated for the benefit of the General Committee.

In an earlier letter our association expressed concern for the magnification of building height by the land elevation south of Dundas W. Currently apartment houses more distant on Dundas W. stand tall towards our residential and Huron Park areas. The major area south of Dundas W. is bottom land, the so-called floor of the Iroquois Basin.

We disagree with the planner, Mr. P. Edmunds that he has provided appropriate site control between single family dwellings and townhouses. For suitable aesthetics, the two-storey townhouses must be phased to single storey (semi-detached) above the rim of this basin. We particularly draw to your attention townhouse plans 03/32/74 and 03/34/74 being adjacent to single family residences on Claymore Cresc. and Parmear Dr.

Further, we disagree that these townhouse developments should be approved before a traffic study for this area is completed. At present a traffic survey is being conducted in the area by the Peel Regional Police. We are chagrined that our Councillor (Ward 6) supported this development while outside his own area (Rockwood) he has held up plans for multi-density dwellings for traffic reasons. However, we were grateful for support from Mr. H. Wolf.

We also share Mr. Wolf's concern that failure to continue to provide single family dwellings will produce further injurious price-spiralling in this form of housing.

Our association has recorded a proposal to ameliorate traffic problems in this area. Existing traffic problems were fully described. Further we succeeded in the inauguration of a traffic study because of safety considerations. Existing problems must not be unheeded by developments which seek to add population, and traffic density.

In the main, our traffic problem stems from a misconception under by-law 5500. This document shows Glengarry Road with a right-of-way of 120 feet. Actually at most 86 feet could be acquired. Currently only 50% of the property to provide an 86 foot right-of-way has been purchased by the City. This fundamental error has lead to the belief that Glengarry Rd. a quiet narrow residential street has arterial proportions (120 feet).

And to General

I-23

P...

T-23a

Finally, it is apparent that plans for school facilities are inadequate to accommodate this additional population. Currently, junior public school students travel over a mile from this area to the Queenston Rd. school. Prior to approval of these townhouses this matter must be reviewed.

In summary, we oppose approval of these townhouse developments because of land elevation aesthetics, existing traffic problems, and shortage of school facilities and single family dwellings.

Yours truly,

Roy Saari D2.

City of Mississauga,
(no street address given)
Aug. 11, 1975.

Mayor Dr. Dobkin,
Mississauga,

Dear Sir:

I wish to make reference to an article entitled
"Fences Hogwash" as published in The Mississauga News.

In the interests of safety, I think I must comment upon this article. Firstly, no child under 13 years is safe when swimming alone. Public safety demands that life-guards be provided at all public swimming pools and also advocates that no one swim alone. Unless a tank is fenced, there is no way of predicting who or what might get into it, or fall into it, regardless of deep or shallow ends.

Secondly, many children from 6 years to 60 yrs. either jump or climb these 5 ft. fences. So, children, why not imitate our parents? When one is very hot, why not jump a fence and get cooled off? Cooled off, indeed! There is grim humour here, since the higher one can jump, the deeper one can dive.

Finally, if a fence saves the life of even one child, the fence by-law is justifiable and has served its purpose. Materialism and self-interest have so blinded us that we are careless of other people's property and of other people's feelings. In parts of the U.S.A. and, specifically, in Tuscon, Arizona, the law requires that every swimming pool, whether above or below ground level, be safe-guarded behind a ten-foot fence.

This seems to me a very responsible law, since it is the duty of the law to protect, indiscriminately, the physical safety of the young and the old.

Remember, the right to live is an inalienable right for all people in Canada. Thank you.

I am truly,

A Mississauga resident of some years occupancy.

Mrs. C. Killaby,
Councillor, Ward 4
City of Mississauga
1201 Britannia Road West
Mississauga, Ontario.

Dear Councillor Killaby:

We reside at a lovely townhouse complex called Applewood Hamlet, in which the joint owners take much pride. Many hours and dollars are spent by us, both through payment to a landscaper, and individually, to ensure our complex is kept beautiful, by way of trees, gardens, and well-kept lawns.

Our unit in this complex backs on to Burnhamthorpe Road. I would like to take this opportunity to express our dismay, and question why the City of Mississauga bothers to plant trees along Burnhamthorpe Road, and absolutely neglect them until they die? These poor trees have never, to my knowledge, been watered, or fed in any description since they were planted.

Also, may we lend our support to your Council regarding the proposed realignment of Highway 403, easterly. The traffic on Burnhamthorpe is very heavy, and hopefully this will relieve it somewhat. — On this subject, would there be any hope of a screen of poplars or any similar aid to lessen the traffic noise and pollution, such as there has been planted on Tonken Road along the easterly side of our development?

Many thanks for your time,

Mrs. Norma R. Fadden

Unit 16, 3665 Flamewood Drive,

Dear Mr. Halliday:

On behalf of the Board of Directors of the Canadian National Exhibition, I would like to express our sincere thanks for the tremendous effort put forth by the City of Mississauga as exemplified by installing a very impressive display in the Horticulture Building.

As Chairman of the Horticulture Committee, I have overheard many fine comments about your display. It was colourful, fitted the theme and certainly contributed a great deal to the overall attractiveness of the Horticulture Building this year.

Yours sincerely,

Dear Mr. Halliday,

On behalf of the Square One management I would like to congratulate you and your staff for an excellent Panorama show this year.

We have been pleased to host the Panorama for the past two years and it is our wish that if you join us next year we will back the project up with some advertising dollars.

At this time may I also comment on three of your excellent staff members, Mr. Dave Frittenburg, Miss Jill Barber, and Mr. Ken McClintock whose hard work and pleasing personalities made it a pleasure to work once again with the Panorama.

All the best for future projects and I hope that we will once again be able to host the Parks & Recreation Panorama.

Mississauga.

Your Honour:

I wish to congratulate you and members of your council for the level-headed approach taken in dealing with the issues at Rockwood Village.

In spite of the pressure on the part of the developer and some "concerned homebuyers", your council has not capitulated and has reaffirmed the intentions of placing good planning ahead of political expediency and self interests.

The artificiality of the campaign against Council is so obvious that any well intentioned resident cannot fail to recognize the fact that the so called "residents' campaign" is too well-oiled and too well-paid-for to be within the financial means of the prospective home-buyers.

Keep it up.

Angelo Delfino
Yours truly,

Dear Sir:

The Aspen Planners, Proposed
Condominiums, CDM 74-17 and
CDM 530

As we discussed, this project is nearing the draft approval stage in that approval has been sent from the Region to the Ministry of Housing. In addition, plans have been submitted to Legal Surveys and await only a site inspection for approval. We therefore expect that registration will take place shortly.

When the matter of the draft approval was brought before council, one of the conditions was the entering into of a housekeeping agreement with the City of Mississauga. I have been advised by yourself, Andy Adamson and Mr. Piroff that the agreement has not yet been finalized and, in fact, there is at present a lack of consensus within the City of Mississauga as to what form the agreement should take.

The above-noted project is now almost fully occupied and it would seem appropriate that registration take place as quickly as possible as many homeowners are quite anxious to have all matters finalized.

....2

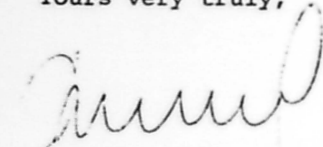

GOODMAN AND CARR

2.

Accordingly, I intend to appear before council on Monday, September 8th, 1975 to request that council waive the requirement for the housekeeping agreement in order to effect a speedy registration of the declaration and description with respect to this project.

Any cooperation which you could give in this regard would be greatly appreciated.

Yours very truly,

David Moscovitz

CITY OF MISSISSAUGA

September 4, 1975

Our Files: P.N. 74-038
04-00-150.1

The Mayor and Members of Council,
City of Mississauga.

SUBJECT: Melba Construction Company Limited.
ORIGIN: Letter from John H. Switzer of Switzer & Associates,
Barristers and Solicitors, and his deputation at
General Committee on Wednesday, September 3rd, 1975.
COMMENTS:

1. Council adopted an interim policy whereby watercourse and arterial road levies were assessed to all lands presently being processed by the City that had not as yet had an engineering agreement finalized. A temporary quota was established in the amount of \$2,000 per gross acre for arterial road improvements and a similar amount for watercourse improvements. This payment was to be made to the City by the Developer prior to the execution of the engineering agreement on the understanding that any necessary additional adjustments would be made, following the completion of the studies with regard to these subjects and the adoption of the final policy by Council.
2. This levy took into consideration the fact that the Developer could be responsible for carrying out some downstream improvements or improvements to the watercourse through the development itself. In such a case, the cost of carrying out these works would be deducted from the levy collectible up to a maximum of the total watercourse levy that would be due. In this particular instance, the Developer has expended in excess of \$11,000 on major watercourse improvements and since this sum exceeds the watercourse levy which would be due, additional payment at this time is not required pending the final levy which will be established on the basis of the study presently being carried on and the actual final cost of the watercourse improvements which were undertaken.
3. The levy with regard to the arterial roads is still collectible in line with the policy as adopted by Council.
4. An additional requirement was made that the Developer be responsible for a 50% contribution to the future improvement on Mississauga Road since the proposed construction bordered on same. It is recognized that only minor improvements will be carried out to this section of Mississauga Road in line with the Council dealing on this matter, even though the existing Proctor and Redfern report shows this portion of the road as a major collector. At the present time, this road

Mississauga, Ontario

Re: By-law 324/75

Mr. Julian:

Further to your notice dated Aug. 21/75, I hereby notify you of my objection to the approval of By-law 324/75.

The basis for the objection are as follows:

1. lack of prior consultation and supplying of pertinent information (see questions)
2. the detrimental affect the said development would have on my future efforts to dispose of my home
3. when we purchases (April '73) the area of Erin Mills was said to be a part of a "planned" community. As "planned" is a past tense of the verb "plan" it was understood development would be as stated at that time and not re-arranged to suit the convenience of major developers in spite of the adverse affect on the value of the homes already sold. No doubt the question of mis-representation has been considered by the City's solicitor.

Questions:

1. How high will the proposed apartment buildings be? (no. of feet, no. of floors)
2. How many persons/rooms will each "unit" contain?
3. Will the "units" be rental or condominium owned?
4. If rental will subsidized housing be included?
5. What will the posted speed limit be on The Collegeway?
6. Will The Collegeway be widened past the existing 4 lanes?
7. When would the construction of said apartments be undertaken?
8. Does the re-zoning have any affect upon the Mississauga City Plan presently under consideration.

Yours truly,

J.H.G. (Gord) Newman

MEMORANDUM

TO

M. L. Dobkin, Mayor, and Members of the City of Mississauga Council

FROM

R. G. B. Edmunds, Commissioner of Planning

SUBJECT

Council resolution regarding the proposed condominium townhouse development - George Wimpey Canada Limited, Part of Lot 2, Range 1, C. I. R.

COMMENTS

On April 7, 1975, City Council adopted the following recommendation of the General Committee meeting held on March 19, 1975:

- "1. Be it resolved that the Zoning By-law amendment in 02/5/73 be approved; that the site plan be approved with the following additional conditions:
 - (i) a pedestrian walkway of interlock stone be provided as access to Highway 10;
 - (ii) a pedestrian walkway of interlock stone be provided as access to the adjacent shopping centre;
 - (iii) that a study from the Engineering Department be requested re the construction of storage lanes on Highway 10 and Mineola Road, and on the installation of advance green signals.
2. That the letters from Mr. J. Burns, 1226 Argreen Road be referred to the Engineering Department for consideration and reply.
3. That the developer be requested to pay 25% of the City's share of the Mineola and Highway 10 intersection improvements.
4. That the 1-foot reserve not be lifted until the plan of subdivision is complete."

FILE: OZ/5/73

- 2 -

DATE: September 3, 1975

With regards to Part 1, subsection (ii), the applicant has requested the deletion of the walkway to the adjacent shopping centre on the basis that the access would create real and potential problems for the future residents of the condominium. The steps required on the walkway would also create hazards to handicapped persons who may attempt to use the walkway.

After reviewing the factors outlined in the attached letter dated June 2, 1974 from the applicant, the Planning Department feels that the concerns expressed are valid and concurs with the request to delete the walkway to the adjacent shopping centre.

CONCLUSION

It is recommended that the requirement stated in Part 1, subsection (ii), of the resolution be deleted.

June 2nd '75

Planning Department
City of Mississauga
1 City Centre Drive
Mississauga, Ontario

Attention: Mr. J. Lethbridge

Dear Sirs:

RE: Craigie Orchards Townhouse Development
02/5/73

As you may recall, the City of Mississauga approved the site plan for the above described condominium townhouse development on March 19th '75. One of the conditions of site plan approval was that "a pedestrian walkway of interlock stone be provided as access to the adjacent shopping centre".

We request that the requirement of this access be deleted from the conditions, and base this request on the following factors:

- (i) At the present time the shopping centre is divided from the adjacent residential properties on all sides by a fence. A board fence and screening will be constructed along the entire southern boundary as part of the development. A walkway from the shopping area would result in pedestrians entering the private residential areas creating a potential conflict.
- (ii) The walkway would shorten the walking distance to the shopping area for any residents of the condominium by at most 300'. It would be very convenient for the residents to enter the shopping centre from Hurontario Street.

...../2

WINPEY

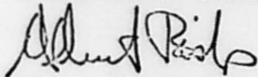

- 2 -

Planning Department
City of Mississauga
1 City Centre Drive
Mississauga, Ontario

- (iii) The southern boundary of the project will be raised approximately 3 feet adjacent to the shopping centre. This would dictate that any access would require steps which would present a safety hazard in the winter months.

We feel that construction of this access would create real and potential problems for the residents of the condominium, while not creating an equal level of benefit, and trust that you will concur with these points.

Yours very truly,
GEORGE WINPEY CANADA LIMITED

September 5, 1975.

Mayor & Members of Council,
City of Mississauga,
Mississauga, Ontario.

Ladies & Gentlemen:

SUBJECT: Request For Additional Funds

ORIGIN: Transit Department

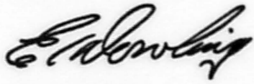

COMMENTS: In our Capital Budget which was approved by Council, the Transit Department had provided for an allocation of \$1,208,000. for the purchase of 20 Urban Transit Vehicles.

Tenders have been called and the lowest Tender is \$1,288,405. We require, therefore, Council to approve an additional allocation of \$80,405. to be added to the Capital Budget of Transit.

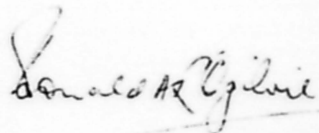

I would also like to point out that we have received the Ministry of Transportation & Communications' approval to purchase these 20 units, and that they will provide 75% of the costs.

RECOMMENDATION: That Council approve the allocation of an additional \$80,405 towards the Capital Budget of the Transit Department.

Respectfully submitted,

E. J. Dowling,
Transit Manager.

EJD/mf

Mayor and Members of Council
City of Mississauga,
1 City Centre Drive,
Mississauga, Ontario.

Ladies & Gentlemen:

SUBJECT:

TENDER T-MT-2-1975 FOR THE SUPPLY AND DELIVERY
OF 20 URBAN TRANSIT VEHICLES

COMMENTS:

Bids received:
Flyer Industries Nil
General Motors Diesel Division \$1,193,098.00
(plus an escalation clause)
General Motors Diesel Division,
(firm offer) \$1,288,405.00
General Motors Diesel Division of London, Ontario,
have tendered two prices, the lowest price
being a base price plus an escalation clause,
and one being a firm quotation. However, the
policy of the Ministry of Transportation and
Communication, is that they will only subsidize
a firm price and will not subsidize any escalation
costs.

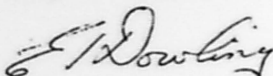

RECOMMENDATION:

That Tender T-Mt-2-1975 for the supply and
delivery of 20 Urban Transit Vehicles be awarded
to General Motors Diesel Division of London, Ontario
for an amount of \$1,288,405.00, and that provided
the award of this contract is subject to the

- 2 -

approvals of the Ministry of Transportation & Communication, and the Commissioner of Finance, of the City of Mississauga.

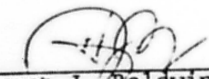

Respectfully submitted,

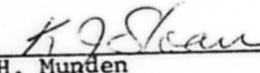

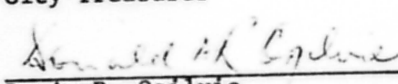

E. J. Dowling,
Transit Manager.

September 3rd, 1975

SUBJECT

Ontario Home Renewal Program (O.H.R.P.)

ORIGIN

Engineering, Works and Building Department

COMMENTS

The attached list of homeowners have applied for assistance through the above program.

RECOMMENDATIONS

1. That the attached list of applicants be approved for further processing.
2. That the Building Division of the Engineering, Works and Building Department be authorized to process applications for grants and/or loans not to exceed \$7,500.00 each with the actual amount of grant or loan to be determined by inspection of the property under the Standards of Maintenance and Occupancy By-law 611-74, and pursuant to the Housing Development Act, Regulation 688/74.
3. That the officials of the City of Mississauga involved in this project be authorized to take all action which is necessary to process these loan applications.
4. That the Mayor and City Clerk be authorized to execute on behalf of the City of Mississauga any documents required in connection with the Ontario Home Renewal Program.
